

THERA-BAND®

Compare and save! OPTP is a low cost source for Thera-Band® System of Progressive Resistance™ Products.

APTA endorsed, the Thera-Band® product line of resistance bands and tubing includes: Thera-Band Resistance Bands, the professional's choice for over 30 years and Thera-Band Resistance Tubing, a durable economical alternative. Because Thera-Band products are portable, easy to use and economical, they are standard equipment in most clinics. Thera-Band products are effective, serving a vital role in strength, mobility and rehabilitation. Contains Latex. All Thera-Band products are color-coded. Each color represents one of eight progressive resistance levels (see chart below).

Thera-Band® Products Selection Guide

Thera-Band® Band Dispenser Packs

The new Thera-Band resistance band dispensing system features single color resistance band dispensers with 30 individually wrapped 5-foot bands. Each band has its own latex warning, bar code and safety instructions sheet. Additional benefits include:

- Enables tracking unit-of-use sales and inventory
- Addresses the growing concern of cross-contamination in health and fitness settings
- Meets FDA labeling requirements for latex warnings
- Available in yellow, red, green, blue and black resistances
