

**Therapeutic Taping for Peripheral & Spinal Syndromes**

Bahram Jam, M. Pty, BScPT and Abbas Varamini, M. Pty, BScPT, of the Advanced Physical Therapy Education Institute, bring you this essential manual on therapeutic taping techniques.

Contents will address the cervical and thoracic spine, lumbar spine and pelvis, upper extremities and lower extremities. Both the manual and DVD provide clinicians with clear demonstrations of nearly 40 beneficial taping techniques. The manual is spiral-bound, 84 pages. DVD run time is 45 minutes.

*Therapeutic Taping for Peripheral & Spinal Syndromes* (#907PKG)

**Bahram Jam, M.Pty, BScPT, FCAMT** has received awards from both Australia and Canada Advanced Manual and Manipulative Physiotherapy and is also accredited with the McKenzie Institute International. He is the founder and director of Advanced Physical Therapy Education Institute (APTEI) and has been a chief instructor for over three hundred post-graduate Physical Therapy clinical courses. Bahram has published 9 orthopaedic DVD/book self-study programs which have sold over 4000 copies across Canada & USA. He is currently in private practice in Toronto, Canada. For information on courses, contact: [www.aptei.com](http://www.aptei.com)

*“The Therapeutic Taping book is both informative and a great reference document. The innovative approach is helpful for both students and the practicing physiotherapist. Clinics should not be without it!”*

—Alice A., PT

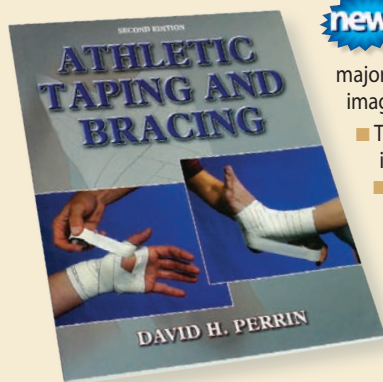

**Leukotape® P** is a high-strength rigid tape with an aggressive zinc-oxide adhesive. Cut or tear tape for application of patellofemoral taping, shoulder realignment and retraining muscles. Leukotape® P (brown) contains latex, but is complemented by Cover-Roll® stretch (white), which provides a latex-free protective under wrap.

Leukotape® P/1½" x 15 yds. (#391R)  
Leukotape® P Case/case of 30 rolls (#391C)

**Cover-Roll® stretch**

Cover-Roll® stretch provides patient comfort with a hypoallergenic composition, as well as excellent breathability and painless removal. Cover-Roll® stretch is a cross-elastic, water resistant, non-woven bandage that provides light compression. May be cut to size.

Cover-Roll® stretch Roll/2" x 10 yds. (#390R)  
Cover-Roll® stretch Case/case of 12 rolls (#390C)

**new!**

**Athletic Taping and Bracing** by David H. Perrin, PhD, ATC, captures the art and science of taping and bracing for each major joint and body region through detailed explanations and spectacular images. Features of this new 2nd edition include:

- The addition of more than 450 full-color illustrations and photos, including 60 three-dimensional anatomical images
- Step-by-step instructions for 36 taping and wrapping procedures for the foot, ankle, leg, knee, thigh, hip, pelvis, shoulder, arm, elbow, wrist and fingers
- Illustrated procedures for fabricating protective pads and orthotics
- “Do’s and don’ts” of taping and bracing
- Current with NATA competencies and practices

Photos that illustrate taping sequences feature tape with darkened edges that enable readers to distinguish the layers and

patterns of the tape applied in each step. With its concise anatomical descriptions and detailed anatomical illustrations similar to those normally found in advanced texts on anatomy, the book clearly highlights the mechanisms of injury that are crucial for understanding effective taping and bracing. Softcover. 136 pages.

*Athletic Taping and Bracing/2nd ed* (#8475)

**Kendall Wet-Pruf® Waterproof Tape**

Recognized quality tape for general taping needs and outpatient use. Waterproof and oil resistant with aggressive zinc-oxide adhesion and high tensile strength. Available in 1" and 2" widths. Each roll is 10 yds. Non-returnable. Contains latex.

**Kendall Wet-Pruf® Waterproof Tape**

- 1" wide/case of 12 rolls (#381)
- 2" wide/case of 6 rolls (#383)

Adhesive Remover Wipes/box of 100 (#385)
