

# KINESIO® TAPING

## Kinesio® Tex Gold™

Back by popular demand, Kinesio® Tex Gold™ with the original 'wave-pattern' adhesive design and elasticity similar to skin, is the standard for elastic therapeutic taping techniques. Kinesio® tape provides a gentle epidermis lift to facilitate lymphatic drainage and healing. Kinesio Taping® techniques can also be used to reeducate the neuromuscular system, improve blood/lymph circulation, relieve pain and provide comfort and stability to your patient. All colors are water-resistant and latex free.

**Clinical Therapeutic Applications of the Kinesio Taping® Method**

This essential clinical guide demonstrates the Kinesio Taping® Method. Over 50 clinical conditions are covered including patellofemoral, myofascial and osteoarthritis. Methods such as mechanical correction, fascia correction, functional correction, lymphatic correction and ligament correction are explained thoroughly with clear photo imagery. Softcover, spiral bound, 198 pages.

*Clinical Therapeutic Applications of the Kinesio Taping® Method*, 2nd ed. (#8190-2).....\$45.95

**new!** **Kinesio® Pro Scissors**  
The Kinesio® Pro Scissors are the first Teflon®-coated scissors in the world! These innovative scissors are made from high carbon stainless steel that will keep the blades razor-sharp for years and are specially coated with black carbon and a fluorine resin which prevents the scissors from getting gummed up by tape adhesive. This product is a must have for anyone who works with Kinesio® Tape.

Kinesio® Pro Scissors (#135)..... \$38.95

**Kinesio Taping® in Pediatrics, Fundamentals and Whole Body Taping**

Written in a user-friendly style, this full-color manual is a must have for pediatric therapists using the Kinesio Taping® Method. The intent of the book is to help you build the foundation of skills needed for effective taping and improved patient outcomes. The covered KT applications are those that affect children from infant to adolescent. Illustrated. Softcover, spiral bound, 218 pages.

*Kinesio Taping® in Pediatrics, Fundamentals and Whole Body Taping* (#8189)..... \$59.95

**Kinesio Taping® for Lymphoedema and Chronic Swelling**

With the introduction of our unique lymphoedema techniques, Kinesio Taping® now offers an effective modality to compliment other lymphoedema treatments. This taping resource demonstrates step-by-step instruction of over 108 common and not-so-common applications associated with lymphoedema, chronic swelling and scar management. Illustrated. Softcover, spiral bound, 172 pages. Benefits of the Kinesio Taping® Method for lymphoedema include:

- The alleviation of pain
- Assisting in the movement of muscles
- The repositioning of joints
- The creation of space within the superficial skin that leads to decreased pressure and opens initial lymphatics

*Kinesio Taping® for Lymphoedema and Chronic Swelling* (#8191).....\$59.95

**What is lymphoedema?**

*This chronic disease is known to affect more than 12 million men, women and children worldwide, affects any part of the body and is why the treatment of this condition is on the mind of every healthcare professional. Lymphoedema is caused due to a disruption in the lymphatic system, resulting in obstructed or restricted lymphatic flow, chronic swelling and pain.*

**What can be done about lymphoedema?**

*By utilizing a proper taping method, like those described in this catalog, you will assist in the movement of muscles, repositioning of joints, alleviation of pain, but most importantly aid in the "lifting or creation of space" within the superficial skin, decreasing pressure while opening initial lymphatics. The effect of proper taping practices on muscle also improves the efficiency of the deeper lymphatics by allowing maximum contraction and relaxation of a muscle.*
